

VitaHealth NMN Pro

A proprietary blend of patented RiaGev™ and Bloomnest™ sialic acid as an anti-aging solution. RiaGev™ contains nicotinamide and D-ribose in an optimal ratio to boost NAD⁺ levels in the body to delay cellular ageing, while Bloomnest™ works to delay signs of ageing by promoting skin lightening and a healthier complexion. Added with Fibersol®-2, a prebiotic that helps to maintain a healthy intestinal tract environment and intestinal regularity.

RiaGev™ is a patented ingredient (patent no.: wo/2019/217935) from the USA, which act as precursors to boost NMN and NAD⁺ production via the nicotinamide salvage pathway. Studies have shown that supplementing RiaGev™ helps to boost NAD⁺ levels effectively in healthy middle-aged adults as fast as in 8 days.

Category : Skin, Hair & Nails
Barcode No. : 9322935030626
Product Code : 45180
Pack Size : 15's

Each sachet contains:

RiaGev™	500mg
Bloomnest™ sialic acid	50mg
Fibersol®-2	690mg

Directions:

Adults – Directly take 1 sachet by mouth, once or twice daily.

Why Choose VitaHealth NMN Pro?

- Formulated with patented RiaGev™ (patent no.: wo/2019/217935), featuring the optimal ratio of D-ribose and nicotinamide
- **Providing superior genetic nutrition with a triple-action approach** that effectively slows cellular ageing, reducing signs of ageing, and enhancing overall health
- **Effective in boosting the production of NAD⁺ levels** in the body as fast as in 8 days
- **Promote skin lightening** by inhibiting tyrosinase activity, which is an enzyme controlling the production of dark melanin pigments
- **Enhances cognitive function and concentration** by increasing neurogenesis, maintaining mitochondrial health, suppressing neuroinflammation, and reducing DNA damage in the brain

- **Provides instant cellular energy and reduces fatigue** by increasing cellular energy production efficiently, which enhances mitochondrial ATP production
- **2 sachets of NMN Pro offer a sialic acid content equivalent to 3.9g of dried bird's nest**, surpassing the recommended daily intake of 3g of dry edible bird's nest and providing the associated health benefits of sialic acid
- With tasty Italian strawberry flavour

Benefits

RiaGev™

- RiaGev™ is a patented ingredient (patent no.: wo/2019/217935) from USA that contains Nicotinamide (NAM) and D-ribose in an optimized ratio
- Act as precursors to boost NMN and NAD⁺ production via the nicotinamide salvage pathway
- Clinically proven to increase NAD⁺ levels effectively in healthy middle-aged adults

Bloomnest™ sialic acid

- Improves brain development and cognition
- Immune-enhancing properties
- Anti-hypertensive properties
- Anticancer properties
- Skin lightening properties

Fibersol®-2

- Works as a prebiotic for improving intestinal regularity, relieving occasional constipation, and supporting gut health
- Helps maintain intestinal regularity by boosting levels of beneficial bacteria and reducing gas production in the intestines
- Prebiotic fiber is also associated with a healthy gut microbiome, which is necessary for optimal functioning of the immune system
- Helps to increase satiety and stimulate appetite-regulating hormones while controlling postprandial blood glucose and triglyceride levels

Target Customers

- Those who are aged 25 and above
- Those who show signs of ageing
- Those who feel fatigued
- Those who have dull or uneven skin
- Busy women seeking better skin and slower ageing
- Busy, stressed working adults
- Elderly, seeking cognitive support
